### **LYLE GARRISON JOINS PTEK AS SENIOR VP OF BUSINESS DEVELOPMENT**

**San Jose, California June 30, 2008** - PTEK announced that Lyle Garrison has been appointed Senior Vice President of Business Development.

Lyle will oversee global marketing, sales, and new business development. His extensive industry and military experience is going to be critical in translating our technology into new revenues.

Lyle recently represented Broadcast Electronics in the Northwest and South Central regions and prior to BE, he worked for Harris Broadcast in Texas. Lyle also has twenty years of military service that was highlighted with the United States Air Force as squadron commander leading 91 technicians maintaining various aircraft systems and teaching graduate-level courses to US and international military officers.

"When I saw the PTEK production facility, I knew I wanted to be part of their future. I am truly excited about offering broadcasters affordable, high quality, American made transmitters." He went on to say, "I've been a fan of PTEK's ever since I saw one of their transmitters purring away in New Orleans after the devastation of Hurricane Katrina. PTEK's technology is perfect for today's broadcast market, and I am honored to be on the team."

"Lyle's expertise and business sense will enhance PTEK's broad growth. He will also build on our commitment to provide quality products and excellent customer service." said Peter Forth, Chairman & CEO of PTEK. "I am delighted we are able to attract a talented professional such as Lyle."

PTEK is the value leader of transmitters designed and manufactured in the U.S.A. Serving broadcast and RF industries with U.S.A. strong products since 1995.

Lyle can be reached at 888-889-2958 ext. 707 or by email at [lyle@ptekpower.com](mailto:lyle@ptekpower.com).
